| • jQuery | • Bootstrap | • Sequelize.js | • Materialize |
| • Node.js | • Express.js | • MongoDB | • Firebase |

WORK EXPERIENCE

Texas Health and Human Services Commission – Austin, Texas

Senior Auditor

November 2012 - present

- Reviewed audit reports and workpapers for logic and sufficient evidence
- Designed and performed audit testing of: IT application user access controls, data reliability of system-produced reports, and contract monitoring activities
- Mentored staff auditors in audit interviewing, documentation, and professionalism
- Wrote audit findings for audit reports, including support and actual/potential impact

Staff Auditor

December 2010 - November 2012

- Interviewed clients to understand business risks and processes
- Performed fieldwork testing for audits and management advisory projects
- Created an Excel “footprint” of agency risk areas using SurveyMonkey data

Grant Thornton LLP – Chicago, Illinois

Audit Intern

Spring 2009

- Interviewed client staff and management on year-to-year inconsistencies
- Performed cash, capital asset and operating expense audit procedures
- Organized client trial balances in Excel for import into audit analysis program

PROJECTS

Burger Menu

A website that uses the MVC pattern to track and update available menu items, storing data in a MySQL database via Sequelize.js ORM.

Bamazon Command Line Store

A customer- and business-facing Node.js command line storefront that updates user transactions in multiple tables.

Geography Trivia

A trivia game using vanilla HTML/CSS with jQuery.

EDUCATION

UT Austin Coding Bootcamp – Austin, Texas

Student, Full-Stack Web Development

July 2016 - present

The University of Texas at Austin – Austin, Texas

Integrated Master in Professional Accounting degree program

May 2010

- *Master in Professional Accounting*
- *Bachelor of Business Administration*
